

Value for the Carrier

- ▶ One cost-effective NG-IN solution for profitable value-added services (new revenue sources)
- ▶ One platform for TDM, IP and IMS connectivity
- ▶ Complete self-management by the customer, reducing internal carrier costs
- ▶ Programmable VXML-based platform without vendor involvement (SCE)
- ▶ Multi-tier, multi-tenant, multi-site solution
- ▶ Web-based, thin-client GUI (for fast customer set-up, provisioning and training)
